

The Difference!

Why we make girls surfboards differently & why it works!

Comparitive to male surfers,
female surfers have:*

Features of girls surfboards:

Positive Outcomes:

- A nice looking board gives you confidence which helps your surfing
- Easier to catch waves
- Easier to carry under arm
- Floats surfer and provides better balance
- Easier to paddle onto waves and control while riding
- More stable when paddling onto waves & standing
- Easier to push fins through turns

*This is a general guide, each surfer is different however many female surfers can relate to features in the above diagram
